
Parent/Guardian Support Group

1st Thursday Of Each Month, 7-8:30PM

This parent/guardian group provides an open opportunity for any parent(s)/guardian(s) of trans or gender diverse people to ask questions, get information, share experiences and develop community connections and support with other parents/guardians. Parents/guardians of any age trans/gender diverse person are welcome. This group is focused on providing information from a medical provider and a behavioral health provider, as well as other parents/guardians, and to provide a space to ask questions or voice any concerns they have. Parents/guardians (no matter their level of trans literacy) can get support and information, and process thoughts and emotions that might not feel comfortable or appropriate to talk about with the trans and gender diverse young people in their lives.

Trans Health Program Youth and Family All Access Hours

20 min

Youth and Family All Access Hours provide a space for youth under 18 and family to speak with our Trans Health Program Youth and Family Coordinator about services at Fenway, support, resources, and more! If your child is 18 or older, please sign up for our Patient Advocate All Access Hours at <https://calendly.com/courtneyskaggs/>

Youth and Family All Access Hours are Thursdays from 1:00-4:00PM by phone, Zoom, or in-person.

If you can't make it during Youth and Family All Access Hours, feel free to email transyouth@fenwayhealth.org or call 617-356-1573 to schedule another time to chat!
